Will the Intelligencer say that this most worthy and distinguished citizen is not Gen. Scott? The country will pause impatiently for a reply. It will be recollected that this new plan of Gen. Scott's, by which he provoting, unless they serve in the army, was prepared im- tions now being held in this city. mediately after the election of Mr. Polk when the whole Whig party was fired with indignation at the result. On the very day that the compositors were setting up the type of this Native American document, Governor Johnson of Louisiana, a Whig Senator, offered, in the Senate, the following resolution, which was advocated by Messrs. Archer, Rives, and Berrian, Whigs, and was zealously opposed by Messrs. Allen, Dickinson, and Foster of New York, Democrats:

Resolved, That the committee on the Judiciary be instructed to enquire into the expediency of modifying the naturalization laws of the United States so as to extend the term allowed to enable foreigners to become citizens; Colfax South Bend, to require greater guards against fraud in the steps to be taken in procuring naturalization papers, and to prevent, as far as practicable, fraud and violence at elec-tions, and to prohibit the introduction of foreign convicts into the United States.

This proves that it was a Whig movement, preconceived and arranged in advance. Gov. Johnson, who was very intimate with Gen. Scott, no doubt had the benefit of his advice and council. We shall publish the whole article in our issue of Wednesday, unless, in the meantime, we receive the denial of the Intelligencer. The Ohio Statesman, in publishing this correspondence, makes the following pointed remarks:

The object of the meeting being stated-to organize a Hickory Club and transact such business as might be presented, preparatory to the County Convention On motion, a committee of four was appointed to pre-

Saggestions were made as to who should be the nom-

inces of the County Convention, who of our citizens was the choice of the meeting and probably of the township, for the respective offices. Messrs. Todd and Cory were mentioned in connection with the Judgeship of Common Pleas-the meeting being evidently in favor of Todd. Messrs. Brady, Talbott, and Beck were spoken of as candidates for Treasurer; and it seems with us to be between Brady and Beck. Mr. Robson was suggested as the probable choice of the tewnship for Sheriff; and Mr. Buell, of the city also was highly spoken of as a suitable man to be nominated for Representative. No others were mentioned.

Mr. White, from the committee, reported the following preamble and resolutions, which were unanimously adopted:

who shall be the servants of the people in the State and nation, is at hand;

AND WHEREAS, the great parties of our country have selected their standard bearers according to their respective tastes and principles;
And Whereas, we cherish with unabated zeal and ar-
